## C.A.R.E. Champions' Heartfelt Hit

by Nathan Le

MFPI's Community C.A.R.E. Champion team has had a remarkable journey of growth through building relationships and providing supportive services to the unhoused individuals in Garden Grove. As we reflect on our efforts, it's heartening to remember the tangible results of our team's hard work and dedication.

After almost half a year of working together to overcome housing hurdles, we were able to witness one of our clients who was on the housing waitlist for over 15 years step into her new apartment. With our advocacy efforts, the client will be able to continuously receive housing for no cost for the rest of her life. This achievement was not just a victory for the client, but it was also a testament to the power of relentless advocacy and the resourcefulness of our team. We hope to continue building rapport and maintaining relationships with our unhoused clients so that we can effectively assist with their transition to housing.

MFPI is honored to be a part of this client's journey to housing security. We are determined to support our caseload in achieving the same status.
